

City of Bellaire

PARKS, RECREATION, AND FACILITIES

To whom it may concern,

Over the past 2 years, Native Construction has provided the City of Bellaire with construction services to include interior and exterior painting, demo, drywall, tape & float, skin & sand, structural steel repairs, electrical, plumbing, millwork, tile, and metal work.

Both I and the City have been more than satisfied by the work product delivered by Native Construction and have enjoyed working with their Project Management team. I would recommend the use of Native Construction as I have experienced their capabilities as competent & professional, and their work product has always been above average.

Sincerely,

Brandon Thigpin

Facilities Superintendent

City of Bellaire Parks, Recreation and Facilities
